Rensselaer Polytechnic Institute, Troy, NY, *May 2019*

- ITWS Concentration in Entrepreneurship

HIGH SCHOOL

The Doane Stuart School, Rensselaer, NY, *June 2015*

WORK EXPERIENCE

TROY WEB CONSULTING, TROY NY

Part-Time Developer, *August 2017-Present*

- Work with both Front-End and Application Architects as well as clients to design and implement front-end websites and web user interfaces.
- Perform "first responder" activities with Troy Web Consulting teams and clients, handling any situational issues that may arise during a project's life-cycle.

TROY WEB CONSULTING, TROY NY

Developer Intern, *May 2017-August 2017*

- Performed Research and Development (R&D) work for Troy Web Consulting, investigating new frameworks and other web technologies that could prove useful on future projects, writing documentation and developing basic Proof of Concepts demonstrating capabilities.
- Developed and deployed a full-screen dashboard on a TV using a Raspberry Pi to display live statuses on all of the current projects actively being worked on within the company as well as some other information.

1ST PLAYABLE PRODUCTIONS LCC, TROY NY

Seasonal Programmer, *January 2016-January 2017*

- Developed over 24 educational Javascript games aimed at teaching basic language skills to both English and non-English speakers.
- Spearheaded company porting effort making previously-developed Google Cardboard titles compatible with Samsung's GearVR headset and preparing each for launch on the device's official marketplace.
- Held leading role in the logging and filtering of over 1000 web pages as part of a site audit performed for a large electronics chain retailer.

ACTIVITIES

RPI TROY CONSULTING CLUB, SPRING 2016-PRESENT

ALPHA EPSILON PI, FALL 2015-PRESENT

- Rho Pi Chapter located at Rensselaer Polytechnic Institute
- Web Master and Network Administrator Fall 2016-Present
